A new ball team is being got together, we hope that the boys will get a good line up. Men cannot play ball, lose time and pay their own expenses. It is just as essential that the citizens ginger up and help the organization along financially as it is for the players to ginger up and get in the game. Patrons and players must all play ball if we win any games.

## What About That Boy's Suit?

**D**O YOU KNOW that this store is selling most of the Boys' Clothing sold in town? Do you know the reason? Let us tell it to you. In the first place, a boy should have as good if not better clothing than a man. Clothing for the average boy must stand a severe test. Heretofore anything was considered good enough for a boy. The cheaper the better was the cry. Times have changed in regard to boys' clothing, and we are pleased to say that this store has created a demand for Boys' Clothing, that while it costs a trifle more than the ordinary kind, will pay for itself a dozen times in wear, looks and satisfaction.

### Hercules Suits For Boys

That's the kind we sell. This suit is all wool, which means that it will always hold its color, and will always hold its shape. It is rain proof, which means that it is just as good as a rubber coat in a rain storm. The seams are sewed so they will not rip, which means the saving of lots of work for you. The price is \$5.00 for the plain trousers, and \$6.00 for the knickerbocker. They come in a beautiful line of patterns, and we would be pleased to show them to you. Other good suits for boys from \$2.50 to \$7.00.

### "Ma's New Husband"

The "Topsy" of "Ma's New Husband" is even more eccentric and entertaining than the original character of that name ever was. So at least several critics say. Dorothy is the name of the maid of all work who figures as the comedienne in this three act musical farce that has been crowding houses and turning away well pleased audiences everywhere it has appeared. Dorothy is droll in her manner, her talk, and actions and she is clever in a musical way besides. Her comedy song, "Jokes" is one of the musical bits of the performance. In the duet "A Kiss" a comic song, she also succeeds in raising many a laugh. Press exchanges agree in stating that "Ma's New Husband" is about the biggest laugh maker on the road this season. No one should miss seeing it at the opera house May the 19th, 1908 where it will be presented on Tuesday evening next. Seats will be on sale at A & A Drug Store.

A great many people imagine that they have heart trouble when the fact is that the whole trouble lies in the stomach. The pains in the side around the region of the heart are not necessarily heart trouble. We suggest that you sit it with the stomach and whenever you feel a depression after eating or whenever your food seems to nauseate take Kodol. It will not be long until all these "heart pains" will disappear. Take Kodol now and until you know that you are right a gain. There isn't any doubt about what it will do and you will find the truth of this statement verified after you have used Kodol for a few weeks. It is sold here by Hooper Drug Co.
